Who We Are

Therm-O-Loc Windows has been building vinyl windows since 1984, using only top-grade virgin vinyl from VEKA, a family-owned global supplier of extruded vinyl products.

We are committed to product excellence and customer service and constantly strive to improve our windows.

Our 1000 series Double Hung, Slider, and Picture windows and 300 series Casement windows feature LoE-272™ glass and LoE-366™ glass that delivers year-round performance and comfort, whether it's -20° F or 110° F in the shade.

We offer custom-sized windows in various styles and colors, and ship anywhere in the U.S. We welcome residential homeowners, business owners, and contractors.
